

Scholarship Program – International Lab Visit

Goethe University Frankfurt offers scholarships for enrolled graduate students of the following interdisciplinary degree programs:

- M.Sc. Interdisciplinary Neuroscience (INS)
- M.Sc. Molecular Medicine
- M.Sc. Environmental Science (*Umweltwissenschaft*)

Scholarships include monthly rates (350-550€ per month) and a one-time travel expense rate (depending on your host country between 200€ and 2.000€).

Scholarships are granted for internships abroad worldwide if they meet the following criteria:

- internship at a laboratory
- internship with the goal to prepare or complete the Master thesis
- research internship in the field or at a research institution outside of Germany

⇒ Minimum period of internship: **1 month**

Students who wish to apply need to hand in the following application documents before the application deadline:

- Completed and signed *Application Form*
- Current *Certificate of Enrolment* at Goethe University
- *Letter of Acceptance/Invitation* of host supervisor
- *Letter of Motivation* (1-2 pages, project description including methodology and reasons for choice of host institution)
- CV (applicant)
- CV (host supervisor including publication list)

For further information on the program and for downloading the *application form*, please visit the [Intl. Lab Visits-Website](#).

Application Deadlines:

- **Monday, November 15th 2021** (for internships starting between November and June)
- July 2022 (for internships starting between May and December)

Please direct your application to the Global Office of Goethe University and send all your documents per E-mail to internship@uni-frankfurt.de within due time.
