

Department Seminar Aquatic Ecotoxicology - Winter semester 2021/22 -

The seminar will be held **on Tuesdays** from 10:00 a.m. in seminar room 2 (room no. -1.301) in a face-to-face format unless specified as a Zoom conference, using the following link:

<https://uni-frankfurt.zoom.us/j/96946600035?pwd=ZmNiak9ZWVNUEpCdncczdBRZXRXUT09>.

Seminar dates and topics

Date	Name	Title
19 Oct		
26 Oct		
02 Nov	Jana Kabus	The CrySpEE Project and the most “beautiful” rivers of the Bal-kan
09 Nov	Natalie Reininger	Comparative study of bisphenol A and of selected analogues in <i>in vitro</i> and <i>in vivo</i> tests
16 Nov	Hanna Grebner	Sedimentextrakt- vs. Sediment-Kontakt-FET
23 Nov	Delia Hof	Half a year of „DECIDE“ – summary and first conclusions
30 Nov	Anita Herold	Ökotoxikologische Bewertung des Gersprenz-Einzugsgebiets im Rahmen des DECIDE-Projekts (via Zoom)
07 Dec	Erik Aschenbrenner	Upstream migration of native and invasive amphipods under laboratory conditions
14 Dec	Johanna Schramm	Aktives Monitoring mit Makrophyten
11 Jan	Franziska Steingräber	Biologisches Effekt-Monitoring an der Gersprenz: Vorstellung erster Ergebnisse
18 Jan	Laura Soose	Project presentation: AmRes - Resilience of the order Amphipoda in the evolving Anthropocene
25 Jan	Malte Glock & Nina Kuschik-Maczollek	Ecotoxicological characterisation of the “Fechenheimer Main-bogen”
01 Feb	Lars Pelikan	Species turnover and functional equivalence across environmental gradients - Insights from the key group Amphipoda
08 Feb		
15 Feb
