

Johann Wolfgang Goethe-Universität Frankfurt am Main

To the Doctoral Admissions Committee
of the Faculty of Physics (FB 13)

Application

for admission as a doctoral student according to section 4 of the Doctoral Regulations of the Mathematical-Natural Science Faculties of the Johann Wolfgang Goethe University Frankfurt am Main, dated May 26, 1993, most recently amended December 3, 2015. Information on doctoral studies at FB 13 may be obtained here: <https://www.uni-frankfurt.de/42800991/Downloads>

The application is to be submitted at the beginning of the doctoral studies!

Ms. Mr.

Nationality:

Family name, First name:

Place of residence:

(Street/postal code/city)

E-mail address:

Date of Birth:

Place of Birth:

Date School Graduation:
(University Entrance Qualification)

Date of First Enrolment:

University:

Academic degree, name and country of issuing university, issue date of certificate, final grade:
(please provide certificates and diploma!)

Doctoral subject:

Working title of doctoral thesis:

Language of dissertation (tentative): English German

Thesis work will be conducted at the faculty of physics (FB 13) / externally and supervised by:

Name of supervisor in FB 13:

External supervisor (if applicable):

I hereby declare that to this date I have not taken a doctoral examination in the above-mentioned doctoral subject.

I agree that the data provided in this application may be used for statistical or administrative purposes by other institutions of Goethe University Frankfurt: yes no

Frankfurt am Main, (date) (signature)

The thesis work will be conducted at Faculty of Physics (FB 13) under the supervision of:

Name of supervisor at FB 13:

Name of external supervisor:

(only if some/all of the doctoral work will be conducted outside FB 13 of Goethe University)

Name of co-supervisor / mentor^a :

(if requested; see below, 3.)

Declaration of Consent of Supervisor(s)^b and Agreement Concerning Doctoral Supervision^c

In order to ensure the best possible conditions for his/her doctoral education, the doctoral student and his/her supervisor(s) agree on

- 1.) an open and cooperative collaboration throughout the doctoral project’s duration based on the “Guidelines for the Supervision of Doctoral Studies at the Johann Wolfgang Goethe University” (Version September 2016);
- 2.) attaching an exposé of the doctoral research project to this agreement;^d
- 3.) conducting an at-least yearly joint meeting of the doctoral candidate, his/her supervisor and (if requested) his/her co-supervisor/mentor. The meeting is to be documented by the doctoral candidate. A written record of the meetings shall be held on file in the supervisor’s research group.

^a Member of FB 13 (or a topically related faculty or a non-university research institute) holding a doctoral degree. Name of the co-supervisor / mentor (not necessarily identical with the expert assessing the dissertation) can be given later, within the first six months after beginning the doctoral research studies (via an informal letter to the Doctoral Admissions Committee).

^b According to section 4 (2), (4) and (9) of the Doctoral Regulations of the Mathematics-Natural Science Faculties of Goethe University.

^c According to the Guidelines for the Supervision of Doctoral Studies at the Johann Wolfgang Goethe University Frankfurt am Main, the General Conditions for the Doctoral Regulations of the Goethe University and the currently valid version of the Doctoral Regulations of the Mathematics-Natural Science Faculties of Goethe University.

^d Short description of the Doctoral project, e.g. a summary of the main aspects of the planned research in the first six months or, if applicable, the research plan of the third-party project from which the doctoral studies are funded. To be signed by the supervisor!

Further information:

Of general applicability are the General Conditions for the Doctoral Regulations of the Johann Wolfgang Goethe University Frankfurt am Main and the currently valid version of the Doctoral Regulations of the Mathematics-Natural Science Faculties.

Decisions to resolve controversial circumstances related to the admission as Doctoral candidates, the assessment of dissertations and the examination proceedings shall be the responsibility of the Doctoral Admissions Committee.

In case the supervisor of the doctoral project is not a professor at FB 13 according to section 61 (1) HHG, note that the final dissertation must be assessed by at least one expert from someone who falls into this professional category (section 8 (1) of the Doctoral Regulations).
