

Invitation: Early Career Researchers Survey

As an Advanced Qualification Researcher, you make an important contribution to research and teaching at Goethe University. At the same time, you are working to achieve the next qualification goals or milestones in your career. In order to support and promote you in the best possible way and to offer you good working conditions, the central graduate academy "GRADE" in cooperation with the central research strategy department "Research Support" will conduct this survey at Goethe University from June to July 2023. With your participation, you will contribute to the development of concepts and measures in the areas of higher education strategy (also at the state and federal level), promotion of young researchers, and quality assurance.

Your experiences and opinions are especially important to us, as your feedback will help us create better support options not only for you, but also for future generations!
