The following rules apply to internships:

- Registration takes place after consultation with the university lecturer via the examination office.
- The internships have to be completed in **two different working groups** and at **least at one institute of the pharmacy** teaching unit.
- One research internship can be carried out in another scientific teaching unit (e.g. biochemistry, pharmacy, physics ...) or externally in industry or a research institution.
- **A new research internship may not begin until the protocol for the previous research internship has been submitted.**
- For the requirements for the protocol (length: 10-30 pages) see examination regulations.
